License Rules

What is this type of publication license called?

What do you have to do to get your work published under this license?

What rights does this license give the general public to access and enjoy the work?

What rights does it give the general public to republish, share, alter, quote from, or refer to, the work?

What rights does the license reserve for the creator of the work?

Can those reserved rights be assigned to someone else, and if so, does the creator retain any rights?

List at least two reasons why a creator might choose this type of license for a work.

List at least two reasons why a creator might not want to choose this type of license.

Describe a scenario in which it would make sense for a creator to choose this license.

Describe a scenario in which it would not make sense for a creator to choose this license.
